New England Cherry with Imperial Ebony décor and our optional Lane® Furniture Collection
The season of DRV...

Seasons come and seasons go, but there's one that's here year 'round . . . the season of DRV.

DRV Mobile Suites let you take all the comforts of home with you wherever the road takes you.

No matter when you hit the road, whether it's Spring, Summer, Fall or Winter, hit the road with DRV Luxury Suites.

Begin your journey with the one that started it all . . . the DRV Mobile Suites.

The Mobile Suites is the foundation that DRV is built upon. It offers all the comforts of home, all the conveniences of a residential kitchen and the peace of mind that comes from knowing you've chosen the best construction available on the market today.
You expect the ultimate in form, function and design. We deliver it. The 2014 Mobile Suites “Gourmet Kitchen” features large, stainless steel residential refrigerators, dishwashers, and garbage disposals along with custom, hand-made islands with convenient 13 gallon pull-out trash cans. You have it in your home, you have it in DRV!
Around every corner of your Mobile Suites you’ll find that no detail has been overlooked…

In the kitchen… Handmade custom ceramic backsplashes and high polished Corian® countertops with a hinged, one-piece cooktop cover.

In the Living Room… Large 46” LED TV on a power lift, custom pull-out desks, and high-end residential furniture.

In the Master Retreat… A standard king-sized bed, a full walk-in wardrobe with an unbelievable amount of storage, as well as a full linen closet in all of our side bath models.

It’s in the details.
Mobile Suites floor plans are available from 32’ to 43’ in length, and include exclusive standard features such as: perimeter heating in the living room for year-round comfort, high-end soft touch padded ceilings with fully ducted low profile A/Cs for ultra-quiet performance, and energy-efficient dimmable LED interior lighting.
Add a dramatic touch to your Gourmet Kitchen with the elegant, optional black island.

Need a little extra room getting ready for your day?
Prefer a little more floor space in your Master Retreat?
Need a bunk room or a custom office?

...No problem. Our flexible floor plan options let you design the living space that perfectly fits your needs.

Which floor plan is right for you?
Meet our top selling 43’ – The Dallas! The Dallas offers a huge bathroom, spacious Gourmet Kitchen and a living room with plenty of room to entertain. A custom hutch doubles as a desk and creates a nice separation between the dinette and living room. Option in our beautiful Lane® leather theatre seating (shown above), and your home is complete.
Our 43’ collection is a unique series of floor plans available only through DRV. Both our Mobile Suites and our Elite Suites lines are available in the 43’ option, offering the versatility of bunk models, custom offices, or full living floor plans.

Regardless of the 43’ floor plan you choose, it will come built on a 15” steel box tube frame, with triple 8000 lb. axles, automotive disc brakes and triple 15,000 BTU ducted air conditioners to ensure both your comfort and your safety.

With DRV... you can have more.
Stand tall in the Elite Suites — our moving masterpiece. Absolutely no detail has been overlooked, from professionally stained hardwood cabinetry with high polished quartz countertops to hand-laid custom flooring. This residential combination separates the Elite Suites to a class by itself.

We have paid just as much attention to the quality of the exterior of the Elite Suites as we have the interior, by creating an industry-first full fiberglass exterior. This top of the line exterior package is standard on the Elite Suites and includes the one-piece molded fiberglass roof, and custom-molded fiberglass fender skirts. Coordinating window silks are also standard to complete a look that will really turn heads.
Each Elite Suites Gourmet Kitchen is built around a standard stainless steel residential appliance package that includes a dishwasher, induction cooktop, garbage disposal and 25 cu. ft. residential refrigerator... with plenty of room to stock up on all your favorites! Elegant hand-laid ceramic backsplashes, oil-rubbed residential 110V light fixtures and a custom over-the-island light feature complete the Elite Suites Gourmet Kitchen package.
The Elite Suites made its debut in 2006, in response to our customers’ desire for even more space and features from the DRV line. Over these last seven years we have continuously improved and upgraded our Elite Suites to make sure it’s truly the top of the line!

Why does the Elite Suites feel so much like your own home? It’s because of the unique straight roof line, the oversized windows and the extended 8’ tall slide-outs. This distinctive profile allows us to create fully finished residential interiors.

Put all of these amazing standard features on top of a MOR/ryde Independent Suspension System (IS), automotive disc brakes and 17.5” Goodyear® tires and you’ve really got the ultimate home on wheels.

It’s time for the best.
The Elite Suites' unique straight roof line and 8’ tall interior slides allow for some exceptional design features such as full overhead cabinetry across the dinette slide-out and picture windows surrounding the living room with deluxe, manual day/night roller shades. A full outside home theatre system featuring an LED 32” TV with DVD player lets you have the best of both worlds, indoor and out.
Find luxurious touches at every turn inside your Elite Suites, from indirect lighting above the slide-outs to full extension soft-close drawers on metal guides.

Wake up relaxed and refreshed after a great night’s sleep on your Sleep Number® mattress with dual remote control.

In the kitchen, be inspired by beautiful, residential, quartz countertops with raised panel island fronts, and enjoy the convenience of the hidden pull-out trash bins and appliance garage with pull-out hardwood tray.

In the living space, enjoy the flexibility of the power lift TV. If it’s just the two of you, power the 46" LED TV up to catch up on the news... or lower it and have plenty of space while using the custom pull-out desk.

Keeping a close eye on residential trends keeps DRV at the top when it comes to innovations in our product lines. These trends were the inspiration for the newly designed Mobile Suites Estates line, which brings a contemporary touch to the DRV family. It’s built on the same solid foundation and incorporates all of the exclusive features of DRV while introducing new color schemes and residential touches like 2-tone custom cabinetry.

The Mobile Suites Estates gives you all the safety and quality you’ve come to trust from DRV while adding an eye-catching contemporary style!
Enjoy the open concept design of the Estates 39RBSB4 along with the residential appliances that are standard in all our Gourmet Kitchen layouts. You’ll appreciate the convenience of our exclusive custom power quartz cooktop lid that allows you either countertop or cooktop access with one push of a button!
The Mobile Suites Estates will feel like home with the unique profile of the straight roof line, 8’ tall slides and oversized windows to create a fully finished residential interior.

Find your bliss in the Estates 39RBSB4 beautifully engineered master suite including a full 60” shower, large linen closet and a combination bed/bath slide for maximum storage and space.
The Estates offers several unique floor plans, with amenities like quartz counters and residentially designed 2-tone hardwood cabinetry as well as residential Lane® leather furniture. Take in the beauty of your outdoor surroundings or enjoy complete and total privacy with 8' tall slides and large frameless windows with deluxe pull day/night roller shades.
The Gourmet Kitchen in the Mobile Suites Estates is just truly gorgeous. It’s built around a standard stainless steel residential appliance package that includes a dishwasher, power cooktop, garbage disposal, and 25 cu. ft. residential refrigerator. Add to that a custom, handmade ceramic backsplash, high polished quartz countertops and rich 2-tone cabinetry, and you’ve really got the kitchen of your dreams.

Take a closer look at the floor plan collection and you’ll find subtle differences that set the Estates line apart. Each Estates floor plan includes a large 48-60” shower, a full linen closet and an extended front cargo area for maximum storage capability.

A home that just feels like you.
Mobile Suites Estates Décor Selections
Features and Benefits...

From the ground up, all units are built with automotive style components. Our innovative designs make it easier to transport, set up and maintain your unit.

Structure:
- Professionally designed and tested 15” triple steel box tube chassis.
  Super strong foundation to build a lasting, high quality fifth wheel.
- All-weather heavy duty aluminum floor system.
  The floor is screwed and bolted together and will not rot over time.
  Also, we do not use staples which eventually work up through the floor covering.
- R-29 insulated frame floor system with three weather barriers.
  Warm floors for extended or full time use; and keeps out condensation.

Technology:
- New state of the art Level-Up™ leveling system and industrial hydraulic system.
  The original Level-Up™ (designed by DRV) with steel jacks mounted at a 5 degree angle.
- New automotive style Kodiak® disc brakes.
  Limited lifetime warranty; smoother stopping; shorter stopping distance; lower maintenance cost.
- Heavy duty 8,000 axles with oil bath hubs.
  Larger carrying capacity; less axle problems; low maintenance; best ride quality available.
- Heavy duty Goodyear® H-rated 17.5” tires and aluminum eight bolt wheels.
  Heavier load capacity. Special tread pattern to dissipate heat.
  Tires are regroovable for miles and miles of safe use.
  Wheels are lightweight and will not rust.
- Greasable suspension with bronze bushings.
  Ease of maintenance and long-wearing.

Sturdy:
- Screwed and glued construction.
  Solid; 16” o.c. stud spacing.
- 3.25” aluminum framed walls with R-16 insulated rating.
  Exclusive foam core vapor barrier.
  Lightweight; lower heating and cooling cost; noise reduction; eliminates chance of condensation.
- Radiused aluminum roof rafters on 16” centers.
  Lightweight; improved water run off; maximum load capacity per square foot.
- R-25 insulated roof system with plywood and rubber or fiberglass covering.
  Improved weather barrier; sound deadening; low maintenance; lower heating and cooling costs.
- Soft touch interior ceiling.
  Sound proofing; easy to clean; extra insulation.

Refined:
- Conveniently located wall switches control all lighting.
  Fingertip control of all task and decorative lighting.
- Overhead LED room lighting on dimmer switches.
  Personal light control.
- Designer full face cabinet doors and soft close drawers.
  Optimal storage; residential look; residential function.

Reliability: steel
- New industrial steel hydraulic jacks.
- High pressure hydraulic lines with metal fittings.
- New individual push button slide room controls.
- New industrial stabilizer jacks located and wind tested to provide maximum stability.
- Heavy gauge UL copper wiring.
- New residential copper water manifold.
- Convenient lights at all exterior service locations.
- Reliable LED lights.
- Mid unit turn indicator.
- Gel coat fiberglass walls and exterior doors.
- 36 month limited warranty.
- 1/2” plywood roof decking.
- Extra sound proofing in floor, walls and roof.
- Engineered back up lights.
- Frameless tip out tinted safety windows.
- Ultra quiet ducted lo-pro A/Cs
- New automotive disc brakes.
- Pull out battery and LPG bottle trays.
- Over size basement storage doors with gas lift cylinders.
- Furnace return air replaceable filter.
- New automotive painted exterior graphics.
- Tough skin special coated rock guard.

NOTE: Some features shown are exclusive to specific makes and models. Please review the complete Standards and Options list for availability.

Stacked triple-tube steel frame for 15” of maximum strength; the largest foundation on any fifth wheel in the industry.

Industrial pinless, steel hydraulic jacks are mounted at a 5-degree angle for maximum stability.

Commercial hydraulic rack & pinion slide-outs. All gear boxes are located inside the frame for the ultimate weather protection.

Heavy-duty 17.5" Goodyear® tires provide increased load capacity while staying cool on long hauls. We use truck tires, not RV tires, to ensure better performance and peace of mind.

Commercial oil bath hubs surrounded by 8 large 5/8” stud bolts and standard automotive disc brakes round out the safety features of every DRV unit.
Box Steel Solid

The foundation is the most important part of your home. It needs to be strong, reliable, and able to last the tests of time. DRV’s custom-engineered 15” triple box tube frame measures 101” wide – the largest, most rigid fifth wheel frame in the industry. This design eliminates flex around the pin box, and allows us to frame even the upper deck with steel to open up the storage compartment, providing you with space to fit all your personal belongings.

The Exclusive DRV 6-Jack Levelup System

Designed by DRV for DRV. No one else can offer you the maximum stability that our 6-jack levelup system provides, with hardened steel jacks at a 5-degree outboard angle.

Residentially-hung sidewalls are carriage-bolted into the floor for solid construction and superior strength.

Our 3 ¼” walls are the thickest in the industry, giving you maximum insulation from noise and weather. The exclusive foam core vapor barrier eliminates condensation.

Formaldehyde Free!

High-density wool R-16 residential insulation completely surrounds all of our walls and slides. Best insulation in the industry and eco-friendly!

A copper water manifold comes standard, ensuring equal water pressure throughout your home. And each water line is clearly labeled and has its own shut-off valve, allowing you to isolate a single line without shutting off water to the rest of your home.

MOR/ryde® I.S. Suspension eliminates the axle and leaf springs, allowing each tire to work independently. With 5 1/2” of travel per assembly, MOR/ryde® I.S. will absorb road shock and protect your home for its lifetime.
Frame/Running Gear:
- Goodyear® 17.5" I-Rated Re-groovable tires
- Heavy duty Grease bolt shackles w/ bronze bushing
- Kodiak® automotive disc brakes
- Trail Air® EquaFlex rubber equalizer suspension
- MOR/eye® I.S. Suspension (Elite Suites)
- Heavy duty 8,000lb rated axles
- Commercial grade oil bath hubs
- 15” triple stacked w/ box tube frame
- 101” wide body
- Industrial Hydraulic System for Jacks & lower level Slides
- Electric bedroom slide
- Slide outs with select push button controls
- Pinless, industrial hydraulic front landing jacks at 5 degree outboard angle
- Rear stabilizer jacks
- Hydraulic rear stabilizer jacks (Elite Suites)

Construction: Floor
- 3” thick floor
- 14” O.C. floor aluminum floor joists
- Screwed and glued joist construction
- 5/8” Tongue and Groove Plywood flooring
- Four Season perimeter heat ducting in floor
- Residential Rated R29 formaldehyde free wool insulation

Construction: Walls/Slides
- 3 3/4” Thick walls/Slides
- 16” O.C. stud spacing
- Screwed and glued aluminum stud construction
- ¾” Monsanto® Fome-Cor Vapor Barrier (eliminates condensation)
- ¾” Thick high gloss gelcoat fiberglass w/ wood backer
- Residential Rated R16 formaldehyde free wool insulation

Construction: Roof
- 16” O.C. rafter spacing
- Residential Rated R25 formaldehyde free wool insulation
- ¾” Plywood roof overlayerment
- Seamless, 1-piece rubber roof (Mobile Suite)
- Fully molded 1-piece fiberglass roof (Estates, Elite Suites)
- Soft-touch vinyl ceiling, including interior slide-out ceilings

Exterior:
- Subzero thermo-pack high density wool insulation
- High Gloss gelcoat fiberglass
- High gloss gelcoat fiberglass molded caps
- Custom painted exterior with clear coat (Mobile Suites, Estates)
- Full body painted exterior w/ custom window silks (Elite Suites)
- Frameless tinted safety glass windows
